## More Food Will Be Distributed Feb. 22-21 Here

A second distribution of surplus food commodities will be distributed at Belle Glade and Pahokee Feb. 20-21 for needy families of the area, states Mrs. Ruth Griggs, chairman of the Emergency Migrant Committee. Mrs. Griggs stressed her appreciation to the many groups and individuals for their help but strongly reminded us that the need for money to continue the local distribution was acute.

Total contributions to date were \$4,035.37. From Jan. 10 through Feb. 1, the committee issued \$3,897.86 in grocery orders and kerosene to 615 families whose needs had become acute.

In addition to the flour, rice, meal, beans, powdered milk and cheese, the county supplied white bacon and lard and canned milk and canned milk for families with small children and babies. On Feb. 6, 497 families received these foodstuffs. By Feb. 8 the county had made food available for 1,100 more families.

Forty volunteers interviewed the applicants and filed case cards. These cards will be used as a basis of distribution next Thursday and Friday.

"We ask that those who do have work and can not along please stay on the job and not apply for food," Mrs. Griggs emphasized. "If you are unemployed in the fields leave and come for food, someone who is hungry may be squeezed out."

The county does not have funds to supply more oatmeal, kerosene or canned milk. Donations locally and throughout the county must be found to meet these needs, the chairman said.

## Rice Disease Is Apparently Gone

Six months after making a surprise appearance on the southern shores of Lake Okechobee, a white leaf strain of rice known as hoja blanca apparently has been uprooted from the state.

For the most part, clean cultivation practices have been followed in the four fields in the Belle Glade area where the disease was discovered last August. State and federal plant pest control agents, called to identify the malady, agreed that the disease was hoja blanca, a virus of rice known previously only in Cuba, Venezuela and Panama.

Aerial spraying to destroy a ricehopper thought responsible for transmission of the virus was followed by plowing of the rice plantings. Despite clean cultivation, some serious damage to rice plants were found last month at Belle Glade and on Rabbit Island. Examination of these plants revealed no symptoms of hoja blanca.

Officials pointed out that no definite action on results of the eradication program can be made until after a new crop of (Continued on Page Eight)

## LIKE SPUTNIK, MAN

### Lions Promise 'Cool' Treat Before They're 'Real Gone'

"Weird! Curious! Carpenter and his choralizing antics, together with the last of the Red Hot Mamas, will bring you the latest and best in harmony, and the roaring Lions will serve the hominy and hogwash."

"We looked puzzled at this statement, W. L. broke into a giggle and exclaimed: 'What's the matter, man, don't you dig this stuff?'"

The official date will be Thursday and Friday evenings April 24 and 25 with an 8:15 curtain time. He assured us as he ripped off a piece of the calendar and, munched on it, "Please put a mark around these dates on your calendar," he enjoined.

"Don't let anything prevent your seeing this All-Star Show," he said in italics. Tickets will be available in the near future, and when the ticket sellers will be around.

"Keep your dollar handy," he said as he raced for the door. And when we looked around man, that cat was gone.

Are They Too Sweet?

All first and second graders are sweet on varying degrees - they haven't absorbed enough from grown folks to be other-wise! Are some too sweet? Some dentist say "no!" Whether Mama is right, or the dentist, something is wrong!

When 77% of our first and second graders have tooth ailments that require immediate dental care, Maw and Paw had better do some "lookin into sumptin'!" Maybe it's too many bottles of dyes; maybe it's too many sweets or maybe it's just too little "chawin on cornbread crust" - we don't know!

We've known kids that practically lived on sugarcane. Maybe it's the kind of sweets!

Anyhow, PTAs, maybe you'd better get all the doctors together and give us an answer to the problem!

## Decisions Say No; Moms Say Yes For Drink Vending Machines At School

Center point of the Monday night Belle Glade Parent-Teacher meeting was a lively discussion on the pros and cons of carbonated soft drink machines at the school. Aftermath of the discussion was a student panel discussion on school problems.

Health chairman of the PTA board, Mr. Richard Murray, read an article from the PTA manual stating that carbonated beverages are harmful to the teeth. She then presented a motion that the PTA recommend to Principal F. O. Hobson that soft drink vending machines be removed from the school.

In defense of the motion, Dr. H. Watson, Pahokee dentist, (Continued on page Four)

## Some Progress Reported On Right-of-Ways For Glades Road Projects

The Palm Beach County Commissioners approved right-of-way maps following by the State Road Department this week for several improvement projects which include Glades road.

The approval was granted by the Lake Shore Drive at Canal Point, Avenue E at Belle Glade and 8th St. extension at South Bay.

Commissioner Paul Rardin reported that William Thibault and T. W. Knight, realtors, had been appointed as appraisers this week. When they complete their jobs, Rardin said, the county right-of-way department will go to work to secure property.

State Road Department officials at Tallahassee are still working on the extension at South Bay south of the railroad between U. S. 27 and Joe Louis Ave. Some property deeds have not been straightened out at South Bay.

## Ground Observer Unit Reactivated

A small but interested group of Belle Glade citizens met Tuesday night at the city hall to reorganize the Belle Glade unit of the Ground Observer Corps.

Sgt. Harry B. Burkhardt, 467th Ground Observer Squadron, Sebring, was in charge of the meeting. Mrs. Virginia Anderson, named as supervisor of the post here by Burkhardt. He also named C. J. Aspey chief observer.

Mrs. Anderson called another meeting for Mar. 4 at 8 p. m. at which time Burkhardt will return to take charge of a training period.

Twenty-four persons signed for GOC duties, but at least 100 persons are needed to put the post at full strength. GOC members will be responsible for watching the sky for enemy aircraft, and by the Air Force, not full-time duty at the present.

If the 100-person membership can be obtained, workers would only be on duty about two hours each month, Burkhardt said. All interested persons are urged to be present at the next GOC meeting.

## Chamber Meeting Scheduled Feb. 20

Directors of the Belle Glade Chamber of Commerce will hold a joint meeting with their legislative action committee at Ray's Smoke House, South Bay, at 6:30 p. m. Feb. 20 where the guest speaker will be James E. Moody, U. S. Chamber of Commerce Southeastern Division Director, Atlanta.

Moody first spurred the Belle Glade legislative action committee to action last year. Committee chairman Mrs. Mary Wall said a Red Cross worker called on the job shortly after the recent Pahokee fire disaster where 16 families were burned out of a packing house housing camp.

## Council Mum On Sewer Plans And Washington Jaunt

Engineers Have Plans For Youngster's Pool

No official mention of a trip to Washington by three city commissioners and City Manager C. E. Robinson was made at the Wednesday Belle Glade City Commission meeting.

The council did, however, wrangle at some lengths over urgent requests from citizens that some action be taken to provide a wading pool for small children.

Wednesday afternoon Manager Robinson stated that he and W. L. Lanier, Paul Davidson and T. G. Ingram talked to Department of Health, Education and Welfare personnel and Housing and Home Finance Administration officials concerning the ramifications of the sewer project for the city.

The talks were arranged by members of the Florida legislative delegation, Robinson said. Two aims were studied.

One could be the extension of the June 1 deadline for the commencement of a sewerage system and the second was to get the city out of the project rather than revenue bonds.

Robinson said the results were gratifying. Following the meeting he and the commissioners will go to Washington to extend the deadline of the State Health Department gave consent. They also said there appeared to be a number of cheaper ways to finance the project. They gave few details at this time, claiming that much discussion was necessary.

## Rams Must Win For Fourth Place

Belle Glade's Golden Rams must beat Seacrest in a Suncoast conference basketball tilt tonight to top fourth place in the loop. A loss could give Seacrest the fourth notch and drop the Rams to fifth.

Pahokee's Blue Devils play St. Pierce for 6th place while Stuart meets Clewiston to decide the cellar spot.

One Thomas potted tiny and winning points with seconds to go Friday night in a hard-battle struggle here. Before his dramatic stand at the charity stripe, Thomas scored 13 of his 34 points in the final 22 minutes to pull it out of the fire 50-49 for the Rams.

Pahokee's attempted freeze left them on the short end of the quarter with only nine points. Thomas came within one field goal of tying the conference mark of 14, the second time this season he missed by one marker.

Belle Glade 11 11 6 22-50 Pahokee 12 11 7 49-49

After Thomas hit 17 of Belle Glade's 19 points in the first half, the Rams stormed on to overcome both Thomas and the Rams 60-45 Tuesday.

The Glades was answered at 24 points. Belle Glade's Robbards pulled the losing cause to 12 markers.

## No Red Cross Aid Seen For Glades

Recent inquiries into the possibility of the American Red Cross providing some manner of relief to the current economic crisis among migrant workers in the Glades was answered at the executive committee meeting of the Palm Beach County chapter of ARC.

Richard Burbeck reported to the group for the home service department with regard to the worker problem. Other members reported on other sections of the county.

Chairman George B. Preston called attention to the fact that the national headquarters of the Red Cross, regarding this as an unemployment problem and as such is not the concern of the Red Cross.

The chairman and chapter manager expressed their intent to explain the Red Cross position to the Red Cross workers in the Glades by writing to the Red Cross.

The committee also learned that a Red Cross worker called on the job shortly after the recent Pahokee fire disaster where 16 families were burned out of a packing house housing camp.

Comptroller Green Makes Inspection Of Glades Prison

"This routine inspection," says the Hon. Ray E. Green, State Comptroller, "shows that the prison farm here in the Glades badly needs more money to make the repairs necessary and to add to the facilities which are needed to make it a modern well-run prison. Of course, it is easy to see that the farm is going run much better than it has been in the past, and I believe the program being instituted by Mr. Culver will give us a first class institution."

Mr. Green, along with his key men arrived at the local Prison Farm for a routine inspection late Wednesday afternoon and were shown through the various storerooms, dining hall, kitchen, and other phases of the operation. Rotating floor sheathing and evidence of leaky roofs were shown to the visitors. Inadequate equipment and incomplete buildings were also visible. The slaughter house and cold storage rooms were inspected and their unusable and incomplete state was pointed out.

Terry Lee, Coordinator for Public Institutions, made the trip with the Comptroller.

## E. C. Bellander Is JayCee Guest

Eric G. Bellander, executive director of Lions Industries for the Blind, was the Feb. 6 guest speaker at the Belle Glade Junior Chamber of Commerce meeting of the municipal council.

Bellander described the work of the Lions Industries for the Blind and explained the functions of the kindergarten and adult work shop.

He displayed books and tools such as slide rules, carpenter rule and scribble boards, to demonstrate the work of the blind.

Also displayed were products which had been made by the center at West Palm Beach, which included brooms, brushes and mops. He pointed out that organizations could purchase these articles and resell them for a club project.

Bellander said the kindergarten fee is \$5 weekly, and that children received a balanced noon meal and supervised periods along with their personal training.

Other matters discussed at the Jaycee meeting, it was announced that 14 helmet liners had been given to members of the Belle Glade Safety Patrol, which had been a project of the club.

## More Cold For Damaged Produce

Prices are moderate to high in the face of a good demand for produce, but supplies lag behind the demand. Continued unfavorable growing conditions. Rainfall the past week was 4.4 inches. Coldest temperature 29.

Predicted low Friday morning was 31-35 near the lake and 36-40 in the backlands. Strong winds continue to damage crops.

Heavy carload equivalent movement was Feb. 10: 79 with the lowest any day was 70 with the average for the week.

## The Greatest Of These Is Charity

The local Emergency Migrant Committee will shortly be the recipient of 2400 cans of SMA baby food, which is a liquid formula for babies under one year of age, through the efforts of Doug Wooten of the Glades Drug Co., and the generosity of Wyeth Laboratories of Philadelphia.

Doug is a good customer of the manufacturers of the baby formula and when he called Bob Sawyer, area representative of Wyeth's, Mr. W. S. Warren, district representative called Philadelphia and the food was on its way, as a donation to the manufacturing laboratories.

Mr. Warren and Mr. Sawyer contacted local physicians who enthusiastically endorsed the plan for making available this 2400 days of baby food for this area.

Mrs. Ruth Griggs and her committee will dispense the food to the needy of the 1971 families registered with her committee there are 344 babies of Wyeth's baby food.

There are many gaping mouths and lusty cries to be soothed to the soothing stage through this generosity of our friends "in the north."

Thanks, Doug; thanks Mr. Sawyer and Mr. Warren and you may assure your folks in Philly that we do appreciate their generosity.

Incidentally, 95 per cent of the recipients of this food are among our colored harvest hands.

## The Circus That Goes To College

"Dr. Roy Brown, Belle Glade physician, was guest speaker at the Belle Glade Junior Chamber of Commerce weekly luncheon Feb. 6 where he explained the relationship between Belle Glade Memorial Hospital and doctor, along with the hospital-community relationship.

Dr. Brown pointed out the need for enlarging and modernizing the Belle Glade facilities in order to attract specialists to this area and to provide the best hospital facilities for this community.

He suggested the possibility of the establishment of a Men's Hospital Auxiliary to work in Tallahassee, Florida, as a means of treating community interest in an important project.

In addition to community aid for improving the hospital, Dr. Brown pointed out that it was possible under certain circumstances to receive state and federal aid to lessen the burden of necessary expense.

The most pressing need, Dr. Brown said, is to enlarge existing facilities and to replace worn-out equipment.

Ever heard of a real educated circus?

Well, there is a circus down in Tallahassee, Florida, that more or less answers that description. It's composed entirely of undergraduate students at Florida State University - boys and girls who devote their spare time to "The Big Top" while pursuing their studies at one of Florida's greatest institutions of higher learning.

Don't dismiss Florida State's "Flying High" Circus as "just another bunch of amateurs." These lads and lassies put on a show that compares favorably with professional talent. They dress in dazzling costumes and utilize top-notch equipment. They have repertoire of thirty-five acts - a trick bicycle riding, acrobatic skating, tight-rope walking, tumbling, adagio, intricate feats on the high trapeze, as well as the inevitable clown - and a cast of hundreds.

There are rhythmic band tunes, pom-poms, popcorn, and side-show barkers. The "Flying High Circus" even packs (Continued on Page Eight)

### Native Galilean Shepherd Speaker To Be Here Feb. 16

It is a far cry from the hills of Galilee, and the pastoral life of the people there, to the life of people in the United States today, but these two extremes are covered in the life of Stephen A. Haboush, a shepherd from Galilee, who has brought to America the story of Galilee and Palestine, told as only one who was born there can tell it.

Mr. Haboush, a native Christian, Galilean, was born on the hills about the Sea of Galilee, famous bit of the world's devotional literature with insight and charm.

Mr. Haboush's message on the Shepherd's Psalm which the Community Methodist Church is bringing to Belle Glade next Sunday is a distinct contribution to the religious and cultural life of our day. It breathes the very life and mysticism of the ancient East. It will be delivered in native costume, the same costume worn by the native Galileans in the days of the Bible Story. He will be the guest speaker in the Community Methodist Church on Sunday, February 16 at 7:30 p.m. Mr. Haboush will also appear at this service in native costume. A cordial invitation is extended to the entire community to attend this interesting and helpful service. There is no charge, but a freewill offering will be received.

**Sunday School Pupils Attendance Records**

Sunday School pupils of the Primary and Junior Departments of the Community Methodist Church having perfect attendance records are as follows: For January, Jerry McWhorter, Cliff Clifton, Chester Cumerford, Steve Lanier, Lura Luv, Mike Rider and Douglass Wedgworth; For quarter, Cliff Clifton, Steve Lanier, Lura Luv, Mike Rider and Douglass Wedgworth; For quarter, Cliff Clifton, Steve Lanier, Lura Luv, Mike Rider and Douglass Wedgworth.

**STEPHEN A. HABOUSH**

In his youth tended his father's flock of sheep, just as every Galilean boy has done since the days when the Master walked among men. He came to the United States before the break of the first World War and attended three of its universities and later became a citizen of the United States.

Since his first arrival in America he has returned to his native land six times. His last visit was made a little over a year ago when he flew 17,000 miles in a period of 7 weeks visiting the eight countries of the Middle East. He has written for magazines and newspapers and spoken before great audiences in many of the famous universities, colleges, churches and schools in Canada and the United States. At one time he traveled on the Chautauqua circuit with William Jennings Bryan and other notables.

There is an inspiration in the life and message of Stephen A. Haboush for everyone. He brings to people today the story of life in Galilee and Palestine as it was and is. In his message the Scriptures are interpreted by one for whom the setting of the Gospel of the New Testament is native land. He is the author of "My Shepherd Life in Galilee," and the book review appearing in the Boston Transcript contained this statement: "He enters into the feeling of the most

of the people in the United States today, but these two extremes are covered in the life of Stephen A. Haboush, a shepherd from Galilee, who has brought to America the story of Galilee and Palestine, told as only one who was born there can tell it.

Mr. Haboush's message on the Shepherd's Psalm which the Community Methodist Church is bringing to Belle Glade next Sunday is a distinct contribution to the religious and cultural life of our day. It breathes the very life and mysticism of the ancient East. It will be delivered in native costume, the same costume worn by the native Galileans in the days of the Bible Story. He will be the guest speaker in the Community Methodist Church on Sunday, February 16 at 7:30 p.m. Mr. Haboush will also appear at this service in native costume. A cordial invitation is extended to the entire community to attend this interesting and helpful service. There is no charge, but a freewill offering will be received.

### Adventist Church Welcomes New Pastor

The Seventh Day Adventist Church of Belle Glade is happy to welcome their new pastor, Brother George E. Petty, who comes to the Okeechobee district from Cocoa, with his wife and two children.

Brother Petty is at present serving both the Okeechobee and Belle Glade churches, and the family is residing at Okeechobee.

The schedules of the church here have been so arranged that the pastor will be here every other Sabbath and every other Tuesday night for prayer services. Although the pastor will not be here every Sabbath, church services are conducted as usual. Sabbath School, 9:30 a.m., Church Service, 11:00 a.m., prayer services Tuesday, 7:30 p.m.

### Churches of Christ Scientist

The spiritual relationship of God and man will be a topic dealt with at Christian Science services this Sunday.

Keynoting the lesson-Sermon entitled "Soul" is the Golden Text from Isaiah (25:9): "Lo, this is our God; we have waited for him, we will be glad and rejoice in his salvation."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (120:4): "God, or Spirit, is God, unchangeable and eternal, and man coexists with and reflects

I think a man and woman should choose each other for life, for the simple reason that a long life with all its accidents is barely enough for a man and a woman to understand each other; and to understand is to love.

—J. B. Yeats.

### Worship Together Every Week

Scriptural readings will include the following from Psalms (43): "Why art thou disquieted within me? hope in God, for I shall yet praise him, who is the health of my countenance, and my God."

### ... THOUGHT

— LIVE TO SERVE —  
By Elder Fred Robbins

A Christian met a friend who looked thin and ill. As the man spoke he replied, "I have no appetite."

May not this be the answer to the lack of strength in the testimony of some of God's people? We sit down to a well-filled table, but our appetites are not kept keen. Other people have the appetite but such a busy schedule during the Association and State festivals.

## Rock - N - Roll Review Stated

Plans for one of the biggest musical shows ever staged in the Palm-Beaches... a Rock 'N' Roll presentation with the nation's top recording stars appearing in person... are being completed by co-sponsors of the event the West Palm Beach recreation department and the police benevolent association.

Featured on the show, set for Feb. 23 at Connie Mack Field, will be the Everly Brothers, Bill Haley and his Comets... The touring stars are playing a limited engagement in Florida and West Palm Beach will be one of five other locations set for the show.

While in the Palm Beaches, the Gold Record Stars will appear at a matinee performance at 2:30 and an evening show at 8:30.

Sponsors of the event said several outlets have already been arranged for advance ticket sales to avoid last minute crowds at the box office on the day of the performances.

## Obituaries

George Larry Dyes, 41, last rites for Mrs. Dyes, Ocala, Center who died Sunday in the local hospital following a heart attack, will be held Wednesday at 11 a. m. at the First Baptist Church, Belle Glade.

A native of Madison, Fla., Mr. Dyes moved to Belle Glade 21 years ago, coming from Wachula, Miss. He was a member of Everglades Post 20, American Legion and was affiliated with the Baptist Church.

Survivors include his wife, Mrs. Gertrude Dyes; two sons, Larry and Roy; one daughter, Mrs. Mary Dyes; his mother, Mrs. John H. Dyes, all of Belle Glade; two brothers, Tom, of Wachula and Tedford of Belle Glade; two sisters, Mrs. Mable Meredith, Pahokee and Mrs. Pauline Elkins, City.

Clarence Francis Miller, 56, of 553 3rd St., City, died Monday in local hospital after a short illness. He came here from Michigan about 3 weeks ago. He was a member of the Knights of Columbus and the Catholic Church. Survivors include his wife, Mrs. Mary Miller, of 1218 Central Terminal Bldg., New York, N.Y.; two daughters and one brother in Pompano. Funeral services and burial took place in St. Ignace, with John Luke Funeral Home in charge of arrangements there.

Ray Corbett Hall 23, of 665 N. W. 9th St., City, died Monday at St. Mary's Hospital, in West Palm Beach, as a result of injuries received in an auto accident on Dec. 2 on rd. 441 near South Bay.

He was a member of Everglades American Legion Post 20. A native of Winston-Salem, N. C., he had lived in Belle Glade about 8 years and was employed by the A. E. Abbott Co.

Survivors include a sister, Mrs. Madge Allen, Belle Glade and two brothers, John and Sidney Hall of Belle Glade.

Thursday at 2 p. m. at the First Baptist Church with Rev. W. W. Malcolm officiating. Burial was in Port Mayaca Cemetery. Members of American Legion were present.

### Lake Shore Five Defeats Gifford 58-32 Wednesday

Using a full-court press and a man-for-man defense, Lake Shore High's Bobcats stopped Gifford High with the aid of Larry Glover's 23 markers.

The Cats staged second in conference action with a 10-2 record; 11-5 in season play.

The Lake Shore High School Bobcats head into the final week of competition next week after a road trip north, they play Cocoa tonight and face Titusville tomorrow night before games with Moore Haven Monday and the finale with Titusville next Friday.

Gifford downed the Cats 49-18 Feb. 5 in a thriller which the Gifford five pulled out of the fire in the last eight seconds.

For the Bobcats, Gainer hit 14 and Dublin 16 in the losing effort.

Saturday night the Lake Shore quintet hit a wild streak and buried Cocoa 81-46. "Every thing they threw up went in," Coach Ben McCoy boasted.

The score was 38-5 at half-time for the Bobcats and they scored more than 30 points in the third stanza. Hitting in double figures was Glover with 20, Gainer 18, Dublin 16 and 10 each for Monroe, Sherrod and Brown.

Monday the Bobcats stayed hot and drubbed Clewiston 52-38.

Eddie Gainer has been averaging more than 15 points per game which Coach McCoy said was outstanding for a 9th grader.

McCoy promised more information on his charges for next week.

The club has lost only one home game and all their losses were by seven or fewer points, he said.

A state-wide bulletin on an escaped prisoner from Belle Glade jail has been issued by Constable W. L. Lee after Harvey J. Paul, a negro, escaped Feb. 7.

Lee said he returned Paul to Belle Glade from Ruffalo State Prison after FBI agents picked up the man in Pittsburg, Pa. Paul had originally escaped from Glades State Prison Farm last July.

He was awaiting transfer to West Palm Beach when he escaped last week.

**Homemaker Award Here For State Honors**

Winner of the Betty Crocker Homemakers of Tomorrow contest at Lake Shore High School is Vernell Chatmon. She received the highest score in the school on a written examination of homemaking knowledge and attitudes taken by graduating high school girls.

Her examination papers will be entered in competition with those of 185 other school winners to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runner-up award in the state.

For her achievement, she will receive an award pin designed by Trifari of New York.

Each state winner will receive a \$1,500 scholarship and an educational trip with her school advisor to Washington, D. C., Colonial Williamsburg, Va., and New York. A \$500 scholarship will be awarded the second ranking girl in each state.

**Negro Deaths**

Last rites for Rosetta Keaton, 3, 812 SW Ave. C, were held Tuesday at Taylor chapel following her death Feb. 8 of pneumonia. Reverend H. C. White officiated. Burial was at Port Mayaca.

### Lake Shore Five Defeats Gifford 58-32 Wednesday

Using a full-court press and a man-for-man defense, Lake Shore High's Bobcats stopped Gifford High with the aid of Larry Glover's 23 markers.

The Cats staged second in conference action with a 10-2 record; 11-5 in season play.

The Lake Shore High School Bobcats head into the final week of competition next week after a road trip north, they play Cocoa tonight and face Titusville tomorrow night before games with Moore Haven Monday and the finale with Titusville next Friday.

Gifford downed the Cats 49-18 Feb. 5 in a thriller which the Gifford five pulled out of the fire in the last eight seconds.

For the Bobcats, Gainer hit 14 and Dublin 16 in the losing effort.

Saturday night the Lake Shore quintet hit a wild streak and buried Cocoa 81-46. "Every thing they threw up went in," Coach Ben McCoy boasted.

The score was 38-5 at half-time for the Bobcats and they scored more than 30 points in the third stanza. Hitting in double figures was Glover with 20, Gainer 18, Dublin 16 and 10 each for Monroe, Sherrod and Brown.

Monday the Bobcats stayed hot and drubbed Clewiston 52-38.

Eddie Gainer has been averaging more than 15 points per game which Coach McCoy said was outstanding for a 9th grader.

McCoy promised more information on his charges for next week.

The club has lost only one home game and all their losses were by seven or fewer points, he said.

**Fla. Products Week Is Feb. 27**

Governor LeRoy Collins has proclaimed Feb. 27 - March 8, 1958, as the third annual Festival of Florida Products Week.

The Governor said in his proclamation that "the encouragement of Florida enterprise will substantially increase the economic development of the State and its citizens."

He pointed to the "continuing need for recognition and knowledge of the diversity and excellence of Florida products."

"The Florida Development Commission has given enthusiastic leadership in sponsoring a state-wide event designed to promote and encourage the manufacture and marketing of these products," the Governor stated.

The Festival is a state-wide business promotion and is designed to point up the over 7,000 products produced, manufactured and processed in the state.

The Florida Development Commission will appoint outstanding local businessmen to assume the role of Community Director. Directors will in turn appoint industrial, retail, educational and publicity chairmen to spearhead the local activities, and the News Bureau will provide communications media with news releases.

Special awards will be made by the governor to firms, growers, newspapers, weeklies, radio and television stations. Five new awards have been established this year for communities doing the best all round job of participation.

Eligible competition categories for community awards are: communities with population up to 1,000, from 1,001 to 5,000, from 5,001 to 15,000, from 15,001 to 50,000, from 50,001 to 100,000, and over 100,000. Eligible individual award categories are: daily newspapers with circulation up to 10,000, between 10,000 and 40,000, over 40,000, weekly newspapers, magazines, television and radio stations, chambers of commerce for areas with population up to 25,000, between 25,000 and 75,000, over 75,000, manufacturers, growers, retailers, utilities, banks, transportation companies, trade associations and schools.

Collins pointed to the diversity of excellence of Florida Products and the need for more widespread knowledge. He urged all information material to 1,000, from 1,001 to 5,000, from 5,001 to 15,000, from 15,001 to 50,000, from 50,001 to 100,000, and over 100,000. ## Educator Says Stress Music

Formula for producing a better student. Teach them to make music. That is the recommendation of a leading educator, Dr. Robert H. Sommers, assistant superintendent of Chicago's public schools.

Dr. Sommers reasoning behind the formula is that music is a leading educator, Dr. Robert H. Sommers, assistant superintendent of Chicago's public schools.

Bandmaster John H. Munroe at Belle Glade High School.

Learning to play a musical instrument instills at least five qualities in the youngster, Dr. Sommers says. They are:

1. Concentration. You can't take your mind off the notes and what others are playing. 2. Mental discipline. You have to keep the line of the music, the director, the timing of the group.

There is no such thing as "almost right" in music. The third point is mathematical precision. Music is a form of mathematics in notation, timing, arrangement.

The fourth point is that of mathematics in notation, timing, arrangement. The person who gets a deep understanding of music has improved his mathematical judgment. 4. Persistence. In an age when more and more things are easy, music requires application and practice.

5. Teamwork and cooperation. As a member of a musical organization, a youngster learns that he must fit in.

"The carry over of music training into other studies is shown," says Sommers, "by a recent survey of 192 colleges in which 60% of 192 declared that musically trained students were far superior to others. The survey also dramatically demonstrated by another national survey that showed that 90 percent of all elementary school honor students play some kind of musical instrument."

Dr. Sommers is now in the studio and has expressed appreciation to Mr. Ay-

Master Masons Night Is Observed By OES

The regular meeting of the OES held last Thursday night with Mr. William Gray presiding. A resolution was read on the death of Joseph Chas. and the charter was drawn for 30 days in his memory.

The group also observed Masons night by a program given by officers of the OES and the Masons present were presented with tokens.

Following the meeting the Rainbow Advisory Board met and elected Robert Allen chairmen.

Refreshments were served by the Robert Goldens and the Victor Mulbergs.

## Rice Disease Is

(Continued from Page One) One of the major problems in rice production in the South has been plowed preparatory to planting, while 250 acres on Rabbit Island likely will be replanted.

Perhaps the greatest triumph "Flying High" has yet achieved occurred in the spring of 1958 when the group was selected to put on the special Easter Show for the nationally telecast Seal Test Big Top Show. Over 60,000 people from coast to coast watched the students display their talents on TV... and the show was a grand success.

The circus route is one of constant practice and iron discipline. And "the college kids" make their circus activities for the "Flying High" state that they have never produced a professional performer. Their "kids" conduct their circus work just like the other students and become doctors and lawyers and businessmen as was their original intention.

From the first, "Flying High" was a success. Students flocked to try out the circus routines. The candidates were given easy tests such as a cartwheel or a handstand, then a quick workout on the trapeze and high bar. Girls were tested with a simple dance routine.

Those who qualified with basis for the try out were then taught simple tricks. Gradually they mastered more complicated ones with specialties developing out of each individual student's own ability.

Trapeze work and the high wire, the "glamour acts," became the backbone of the show. The circus route was named "Flying High." However, starting and "death-defying" these stunts are, everyone performs under safety - first conditions at all times.

Some of the FSU circus acts have been: "The Flying High" is, for example, the breath-taking "Cloud-Swing Act" in which a beautiful co-ed acrobat suddenly dives out of a high-swinging trapeze toward the ground twenty-five feet below, to be caught by a rope tied to her ankle. Then there are the "Iron Jaw Wizards" who hang by their necks and perform harmonious acrobatic stunts.

Besides new acts and new performers each year, a circus must have new costumes. Here,

too, college ingenuity has solved the problem. Florida students who major in home economics turning out the clothes as a part of their sewing activities.
